POLICY:

The Center is committed to providing high quality medical care in a cost-effective manner. In order to accomplish this, we depend on prompt payment for the services provided.

PURPOSE:

To assist patients who are not using insurance benefits and are self-pay in obtaining high quality services in a cost-effective manner

PROCEDURE:

When a patient is scheduled for a procedure the business office or scheduling office informs the patient of the cost of their procedure according to centers fee schedule. The Center determines its cash fee schedule and the corresponding discount for prompt payment in full when paid on the date of service. A self-pay patient is eligible for a prompt pay discount of 15% if paid in full on the date of service. Cash, check, patient financing or credit cards may be used to make payment.

Self-pay patients unable to provide payment in full on the date of service are not eligible for discounts and will be responsible for 100% of self-pay fee schedule.
